

INNOVATIVE NEW PRODUCTS

THAT OTHERS WILL OFFER *ONLY TOMORROW!!*

There is only one Bert, THE innovator who, for more than 20 years now, has been breaking all barriers in the development of unique and bullet-proof race car parts! Parts that reduce operating costs, make suspension adjustments easier and more precise, and produce a faster race car. We race everything we sell!

NEW LOW-MAINTENANCE GREASEABLE SEAL FOR THE BALL SPLINE TRANS

You asked for it, here it is!! No need for disassembly anymore. This in-expensive new greaseable seal will reduce your maintenance time to 5 minutes. Remove the three small allen-head screws and, using the Alemite # B6783 (or equivalent) fitting on the grease gun, put grease in one hole until it comes out the other holes.

Kit part # 3-15K; Includes: 1 seal – PN 3-15-A; 5 allen-head screws (includes 2 spares) – PN 3-15-C; 5 hi-collar lock washers – PN 3-15-D. Recommended Alemite adaptor # B6783 or equivalent
